# First tunneling drive of Phase 4 Started at Vikaspuri

**MM BUREAU**  
New Delhi/January 21

A major milestone in DMRC's Phase 4 work was achieved today as the first tunnel boring machine (TBM) of this phase started its drive to bore a 1.4 kilometre long tunnel from Vikaspuri to Kirti Park Extension on the Janakpuri West - R K Ashram Marg corridor in the presence of DMRC's Managing Director, Dr. Manoj Singh and other senior officials.

Two parallel circular tunnels for up and down movement will be constructed on this stretch which is a part of the 2.2 kilometre long underground section from Janakpuri West to Keshapur. The lowering and assembling process of the giant 73 metre long machine was started in

October last year.

The tunnelling has started from the Vikaspuri area in continuation of the Mogonia line tunnel that has been already constructed for the presently operational Rotational Corridor - Janakpuri

West corridor.

The tunnel will be constructed approximately at a depth of 14 to 16 metres. About 2,040 concrete rings will be installed in these tunnels. Each tunnel will have an inner diameter of 5.8

metres. The entire tunnelling work on this stretch is expected to be completed in about 12 months time. The alignment of tunnel runs along the Outer ring road and below the multi-storied built up structures.

The tunnel will be built up with proven technology of EPBM (Earth pressure balancing method) with concrete lining made up of precast tunnel rings. The tunnel rings are being cast in a yard setup at Mundka. These concrete segments are cured with steam curing system to achieve early strength. This TBM will be able to carry out tunneling up to 10 metres per day.

All necessary safety precautions are being taken while constructing the tunnel below the built up structures by monitoring the ground movements with highly sensitive instruments fixed on the nearby structures. After completion of tunnelling, this machine will be taken out from retrieval shaft being built with Kirti Park Extension underground station. As part of the Phase 4 work approved so far, about 27 kilometres of underground lines will be constructed. The Janakpuri West - RK Ashram Marg corridor will have underground sections of 7.74 kilometres in total. A TBM, as a machine used to excavate tunnels with a circular cross section through a variety of soil and rock

Two parallel circular tunnels for up and down movement will be constructed on this stretch which is a part of the 2.2 kilometre long underground section from Janakpuri West to Keshapur. The lowering and assembling process of this giant 73 metre long machine was started in October last year.

strata. They can be designed to bore through anything from hard rock to sand. TBMs have revolutionised the way tunnelling work is done all over the world as new tunnels can be bored without disturbing the buildings and other structures on the surface. TBMs are especially useful for underground tunnelling work in congested urban areas. DMRC has been using TBMs for its tunnelling work since Phase 1 in Phase 3, when about 50 kilometres of underground sections were built, about 30 TBMs were put into service in the national capital.

# INA to become a major hub with MRTS, Metro stations

**MM BUREAU**  
New Delhi/January 21

The National Capital Region Transport Corporation (NCRTC) will upgrade its INA station on the Delhi-Ahar Regional Rapid Transit System (RRTS) corridor with the Delhi Metro station at the same spot to provide seamless connectivity between two mass transit systems.

Last year, the NCRTC had changed location of its station on the RRTS corridor from Sangaria in INA to provide seamless connectivity with two of Delhi Metro Rail Corporation's (DMRC) corridors - Yellow Line (Huda City Centre to Siasayapur Boli) and Pink Line (Majlis Park and Siasayapur).

An NCRTC spokesperson said, "Station location has been finalized in such a way

that they are seamlessly integrated with other modes of public transport for commuters." NCRTC's new INA-RRTS station will be integrated with the Delhi Metro's INA station through subway, thereby providing safe and seamless connectivity between two rail corridors to commuters.

and Panipat to two major hospitals (AIIMS and Safdarjung), markets and new developments planned in the area such as the commercial complex proposed at Naurang Nagar. While the Delhi Metro station is located on Aurobindo Marg, INA-RRTS station will be located near DDA's headquarters on Barapullah road. NCRTC officials said the station will have two entry-exits near DDA headquarters, Vikas Sadan, and Aurobindo Marg.

"RRTS stations have been planned and designed to ensure multi-modal integration with other modes of public transport in a way that it will eliminate the need for commuters to step out on roads for switching from one public transport to another. We are closely working with DMRC for an integration of the INA and other stations," the spokesperson said. DMRC's INA station on the Yellow Line was opened in 2010 and subsequently was converted into an interchange with the Pink line in 2018. The station caters to a number of important landmarks in the area such as the INA Market and Dilli Haat. At

INA, the RRTS corridor, the NCRTC official said, will pass below the two existing DMRC corridors.

Anuj Dayal, executive director of RRTS, said, "NCRTC is going to integrate its upcoming station at INA with the Delhi Metro network's interchange station there through a subway. This will further boost the connectivity in the area and offer more travelling options to the passengers. The integration of the MCTS and RRTS networks in the NCR will be a major milestone.

# WPI demands JPC Probe in WhatsApp Chat Scandal

**New Delhi/January 21**

Welfare party of India expressed anger at the outrageous scandal involving national security and demanded a Joint Parliamentary Committee probe in the alleged WhatsApp chat. Dr. SQR Iyys National President, Welfare Party of India, expressed great concern over the allegedly leaked WhatsApp chat between Republic TV anchor and Editor in Chief Mr. Aradhya Goenka and Partha Dasgupta former CEO of Broadcast Audience Research Council (BARC) and said if proven, it will expose the unhealthy alliance between government agencies and the god media and the role at which it has made inroads and added that the leaking of such vital and sensitive matter is extremely dangerous as it puts the entire nation's security at risk and called it shameful. Dr. Iyys said the alleged knowledge in advance on 23rd February 2019, of India's Air strikes at Balakot in Pakistan three days earlier for increase TTP and said if proved national security was greatly compromised which attracts punishment as serious as was against the nation (sedition) and called it extremely disturbing and disgusting. Dr. Iyys said that in such a grave matter a Joint Parliamentary Committee probe should be held and all those who are involved in this heinous dealing should be brought to book stern action should be taken against them and he further added.

# Govt disburses Covid grant of ₹10K each to 407 more construction workers

**MM BUREAU**  
New Delhi/January 21

Union minister Manish Sinha said on Wednesday that the government has disbursed a Covid-19 relief grant of ₹10,000 each to 407 more construction workers in the national capital. These 407 construction workers had registered under the state's building and other construction workers welfare board (BWO) earlier in the first states to carry out relief disbursement to all 39,600 workers who were registered with the board. In compliance with orders of the Delhi high court, the board decided to disburse the relief amount to these construction workers who were registered with the board as on September 30, 2018. Sinha said, before appealing to state construction workers to renew their membership. More than 53,000 construction workers are currently registered.

statement further said that at least 2,000 more construction workers will receive 10,000 each in the coming weeks. "When the lockdown was imposed due to the pandemic, the Delhi government was one of the first states to carry out relief disbursement to all 39,600 workers who were registered with the board. In compliance with orders of the Delhi high court, the board decided to disburse the relief amount to these construction workers who were registered with the board as on September 30, 2018. Sinha said, before appealing to state construction workers to renew their membership. More than 53,000 construction workers are currently registered.

# Front line workers, elderly may have to wait two extra weeks to get Covid jobs

**MM BUREAU**  
New Delhi/January 21

The low turnout of health care workers in the ongoing Covid-19 vaccination drive in Delhi is likely to push the vaccine roll out schedule for front line workers and the elderly by at least two weeks, senior officials in the state government said on Wednesday. The state launched one of the biggest immunisation campaigns to control the coronavirus disease on Saturday. Delhi has been able to vaccinate 12,853 health care workers so far. But this is just 48.72% against the Delhi government's target to inoculate 26,358 health care workers in three days. It reports a said that if people remain hesitant in coming forward to take more shots, the government should consider opening up to allow other priority groups - and maybe even the general public - to take doses. Senior government officials said if current trends continue, then front line workers will not get their turn until March. As a result, immunisation of the general public, starting with people above the age of 50 years, can get pushed back to as late as mid-April. "The issue is being closely monitored by the state health department and the Union ministry of health and family welfare (MHPW). As of now, an average 4,284 people are getting vaccinated for Covid-19 each day in the city. If the turnout does not improve soon and more centres are not added, then it will take the entire month of February and the first week of March to complete just the first dose of vaccination for the 120,000 health care workers," said a senior government official involved in the immunisation programme. As per the initial plan of the Delhi government, the first batch of 120,000 registered health care workers were to be vaccinated by February 13. There are 81 centres in the city.
